3. Purpose of the Website

treasurymetals.us is an informational and marketing website for the TREASURY physical precious-metals offering. 4. No Investment, Financial, Tax or Legal Advice

Coindrop LLC does not make purchasing decisions for customers and does not guarantee any future price, performance, profit, liquidity or preservation of purchasing power.

Physical precious-metal prices may rise or fall. Purchase prices and sale or liquidation prices may differ because of market spreads, premiums, supplier pricing, availability, transaction costs and other commercial factors. Customers should make their own decisions and obtain independent professional advice where appropriate.

5. Product, Pricing and Availability Information

Precious-metal descriptions, images, market references, availability, estimated delivery information, spreads, premiums, fees and other website information may change without prior notice. Website content is not a binding quote unless the relevant transaction flow expressly locks and confirms a price.

Coindrop LLC may update pricing methodology, spreads, premiums, fees, product availability, minimums, maximums and service features prospectively in accordance with the applicable TREASURY Terms and Conditions and mandatory law. Changes do not retroactively alter a completed transaction whose price was already locked and accepted.

6. Third-Party Services and Links

The website and TREASURY service may rely on third parties for hosting, payment processing, identity verification, precious-metals sourcing, depository services, insurance-related services, shipping, customs,

analytics or other operational functions. References or links to third parties do not by themselves constitute an endorsement, partnership or guarantee of a third party's separate services.

Third-party websites and services are governed by their own terms and privacy practices. Coindrop LLC is not responsible for third-party website content that it does not control, except to the extent liability cannot lawfully be excluded.
